

1、Seamless steel pipe, welded steel pipe (straight seam pipe and spiral steel pipe), stainless steel pipe, etc.

2、A series is international universal series (imperial tube), B series is domestic series (metric tube)

General management table of welded pipe and galvanizing

Nominal diameter DN	Imperial	Outer diameter of steel pipe D		thickness of pipe wall (mm) and theoretical weight (m/kg)												Nominal diameter DN	Imperial	Outer diameter of pipe mm	welded pipe		galvanized		
		A	B	2.5	3	3.5	4	4.5	5	6	7	8	9	10	12				Wall thickness mm	Theoretical weight (kg/m)	Wall thickness mm	Theoretical weight (kg/m)
